InMoment *- Application Specialist/Technical Success Manager*

SEPTEMBER 2017 - FEBRUARY 2021

- Build customer experience surveys and customized reporting solutions using the proprietary application, as well as Implement and QA the solution for clients as well as advising clients on technical challenges as they arise. This will help provide a successful CX program
- Import client/customer data via API/SFTP into the InMoment platform for survey invites or data imports. Ensures correct data for the client and enhances their program
- Apply HTML/CSS, JavaScript and Groovy to validate or update different survey/application functionality. Allows a good user experience taking a survey

Discover Financial Services *- Multiple Roles - see below*

Analyst, QA (UAT Tester)

APRIL 2016 - AUGUST 2017

- Validate functionality of new updates to the current system before production
- Write and execute all test cases (including end to end / regression testing) via Microsoft Excel based on Business Requirement documents (BRD) and high level design documents (HLD)
- Upload test cases via Excel using the HP ALM add-on/plugin
- Validate test cases and test results against the test plan and applicable wireframes
- Write bugs/defects as they occur within HP ALM during testing and work with dev to ensure they are tracked, deployed and fixed accordingly

- All of these bullet points ensure a successful product deploy and they allow a good user experience

Student Loans Back Office Specialist

MARCH 2015 - MARCH 2016

- Verified loan documents during the application process. Allows applications to proceed with the process
- Processed cosigner release applications. This helps the customers with their loan documents
